Comes with slit 3/4"Ø cable stop ball PN22120 and set screw PN22280								This kit includes extension cable and separate low pulley cable								
If cable is pulling out of fixed cable retainer on the row arm, order PN: 43620 "pivoting Cable and Clip Kit" which will bolt on a new pivoting cable retaining clip and the appropriate length (shorter 28.9") PN44980 cable. Cable Splice Clip is PN13650, Oldest cable clip for leg developer and bfly cam is PN13640								One piece low pulley cables with integral stripped end extensions								
								1500 prior to 1990 had press arm cable PN14060 24.25" long								
								For VX-28 / 2850 see both VX-11 and VX-18								
V1 3500 Original to 3/1993 4.5"Ø low pulley, non-ratchet bfly arms, fixed/welded row cable clip						V3 3500 3/1993 to 12/1993 6"Ø low pulley, A.R.C. ratcheting bfly arms, fixed/welded row cable clip										
V2 3500 During 1993 4.5"Ø low pulley, A.R.C. ratcheting bfly arms, fixed/welded row cable clip						V4 3500 After 12/1993 6"Ø low pulley, A.R.C. ratcheting bfly arms, pivoting row cable clip
