Johnson Drive System

Never feel a lag or surge thanks to the digital drive system that recalibrates instantly with each footfall. The low-RPM operation also keeps the motor cool and quiet, which extends the life of your treadmill.

FeatherLight Folding

Our one-step hydraulic system does all the heavy lifting as it gently lowers your treadmill deck when you're ready to use it and effortlessly raises it when you're done.

Passport Ready

Passport takes innovative audio-visual technology one step further - as you ascend hills or change your pace, your fitness equipment and footage react.

Variable Response Cushioning

Get the ideal mix of flex and support from our three-zone variable cushioning system.

ViaFit Connectivity

With ViaFit, you'll never have to manually enter your workouts anywhere because your machine will do it for you. Simply visit ViaFitness.com or download the app to connect your equipment, track your efforts and set your goals.
